Charlotte's story so far...

Charlotte joined Juniper after completing a years course at Stoke on Trent College in hairdressing. Charlotte decided it wasn't the career for her and wanted to try something new, although not entirely sure what sector she wanted to work in.

Charlotte acknowledged she needed to improve on her English and maths grades in order to succeed in her career. Charlotte met with her Progression Coordinator. Charlotte completed her work experience alongside working towards her GCSEs. Charlotte expressed interest in retail and a placement was sourced for her in Savers, Hanley. Charlotte flourished in her placement.

During her first 3 months with Juniper, Charlotte sat both her English and maths GCSE exams, won student of the month, featured in two articles within the Hanley Express and secured the 'Employers Award' at our Celebrating Success day.

Taylor worked hard with Juniper staff and mixed positively with her peers. Subsequently she passed her English and maths qualifications. Taylor began work experience in Hairdressing and amazed staff with how quickly she adapted to the environment and listened to instructions. So much so, Taylor was offered an apprenticeship with Hough's Hair Salon as a result.

Well done Taylor!

"Amy enjoys it here and I feel that you offer a much needed service for those who don't enjoy school or college." **Pennie Wood (Amy's Mum)**

"I have been working with Juniper Training for 18 months and in that time I have had the pleasure of supporting and nurturing several fantastic young people. The support that I have provided is based on the key information supplied by Juniper staff to ensure that the young people are accessing personalised learning in the work place. I have worked with a lot of colleges and training providers over the years and look forward to maintaining the good relationship we have built."

Jane Goodwin, Upper Hatton Stables
