

LEMA Engineering Apprenticeship

We offer A Pre-Apprenticeship Programme

- A 6 week programme that prepares you for work in the Engineering Sector
- You attend the Academy 2 days a week
- Employability skills including CV writing and interview techniques
- Employment team will work with you to find an Apprenticeship Opportunity
- You will be attending interviews during the Pre-apprenticeship to secure an Apprenticeship position

Once you are successfully offered an apprenticeship with one of our employers you will move onto the below:

Level 3 Apprenticeship

- The Apprenticeship is a Level 3 Standard and you will follow one of the following three pathways:
 - Machining – Manual or CNC
 - Multi-Skilled Maintenance
 - Technical Support Technician
 - All of which are 42-month duration (3 ½ years)
- 1 day a week in the Academy for 42 months completing a blend of theory and practical work
- Remainder of your time completing evidence-based activities in the workplace supported by a work-based coach.

Welcome to the programme!
